REPORT

Indian history is an enigma for every Indian. British and other foreign historians have highlighted only the Mughal period and colonial period. Hundreds of great emperors and empires have not been focused for centuries. This course is covering the true history and great king's true heroes and the great and splendid empires of ancient India which have no parallels in the history of the world. Pallavan, Cholas, Guptas and Mauryas, Harshvardhana were the dynasties who had made India flourish not only with gold and jewels but with a rich heritage, literature, architecture, music, and arts.

By learning, this course students had felt proud of their great nation.
