REPORT

Vedas are *Apaurusheya*. In the supreme state of Nirgun Samadhi (Meditation) in complete solitude in the dense forest, the hymns of the Vedas erupted to the ancient sages. This sage does not call himself the creator of this divine literature, but only the author/writer. The Vedas are the oldest texts of the world such that they are the guide for the whole world with complete selflessness. Maharishi Vyas analyzed, collected and separated these Vedas and edited Rigveda, Yajurveda, Samveda and Atharvaveda. Then the Upavedas like Ayurveda, Dhanurveda, Gandharvaveda, Sthapatyaveda etc. were formed. This stream of knowledge has been flowing through oral tradition for thousands of years. With this, Siksa (Pronunciation), *Chandas* (Metre), *Vyakarana* (Grammar), *Nirukta* (Etymology), *Jyotisa* (Astronomy) and *Kalpa* (Ceremonial) were created as *Vedangas*. Samhita texts, Brahman texts, Aranyak texts and Upanishad texts were also produced in them. It is very important for every Indian to have primary knowledge of Vedas and its knowledge base. The knowledge of Vedas will play a very important role for every Indian in the overall development of India.
